

Fun Fall & Winter Activities

Create a Keepsake

As the holidays approach there will be many opportunities to gather with multi-generations of family members. A fun and unique keepsake is to take a generational hand photo. This one features a great grandmother, grandmother, mother and two great grandsons... four generations in all.

PLAY ON CHERRY HILL

One of Coeur d'Alene's parks received a new playground in September, dedicated to the first responders in our community. The 9/11 Memorial Park and the popular Cherry Hill motocross and sledding hill are a fun year 'round family destination, located on 15th Street near the fire station.
